## An Aid to Beauty.

Our forefathers were not blind to beauty, but many of their descendants are almost so through defective vision. No matter how fine looking the individual may be a painful searching for light gives to the features an expression of distress for which beauty is not sufficient compensation. The remedy is in our properly fitting glasses.

## CITY AND VICINITY.

Peter Braak of the Western Theological seminary conducted services in the Reformed church at Kalamazoo last Sunday.

The brick block on River street, occupied by E. DeRose, the confectioner, has been sold by W. H. Beach to Prof. D. B. Yntema for \$8,000.

Captain Boswell of the Graham & Morton line was the only man that took the DeRose end of the betting last Monday. His shrewd forecast put him \$10 and a box of cigars to the good.

The cantata recently given by the choir of Hope church under the direction of Dr. A. C. V. R. Gilmore will be repeated this evening and a cordial invitation to attend is extended the public.

The lynching of negroes goes merrily on in the south. A paper from Rome, Ga., received from C. L. King, formerly of this city, contains a thrilling account of the hanging of a negro for an attempted assault on a white girl.

Gov. Bliss has issued a proclamation naming Friday, April 25, Arbor Day. He says in closing the document: "As a special feature of the day, it is requested that each school plant a tree as a memorial to the third martyred president of the United States, William McKinley, the friend of the children."

At a largely attended meeting of the stockholders of the Fennville Base Ball association the following officers were elected: President, John A. Pijpers; vice president, R. H. Stevens; secretary, C. L. Foddick; treasurer, L. S. Dickinson; manager, Geo. Leland. Stock now taken amounts to \$610 and four or five strong players will be secured to strengthen the best local talent.

In their announcement telling of the consolidation of their papers C. M. Winslow of Douglas and W. P. Dutton of Saugatuck has the following: "In order to reduce expenses, and allow each publisher to save enough to enjoy a square meal once a month, the Record and Commercial have been consolidated and hereafter will be published as the Commercial Record."

The death of Rev. Veenstra, pastor of the Christian Reformed church at Zutphen, occurred last Saturday morning after a two weeks illness from typhoid fever. Rev. Veenstra was 32 years of age and was pastor of the church at Zutphen since last fall. He is survived by a wife and several children. The funeral was held Tuesday afternoon, Rev. Ten Hoor of the Grand Rapids theological seminary officiating.

The funeral of Mrs. Mary Elias, who died last Thursday evening at the home of her daughter, Mrs. John Marsille, 248 East Fourteenth street, was held last Monday afternoon from the house, Rev. J. H. Karsten officiating. Mrs. Elias was seventy-seven years of age and resided in Ottawa and Allegan counties for over 25 years. She is survived by one daughter, Mrs. John Marsille, and two sons, John Elias of New York and Peter Elias of Kansas.

The body of the unknown man which was picked up on the shore south of Grand Haven last week and which was later buried in the Potter's field, was identified as that of Frank Jasper, who mysteriously disappeared last November. Jasper was a juror at the November term of Circuit court. He walked out of the court house at noon one day and was never seen again. His overcoat was left in the court house and his far cap was some time later picked up in the river.

The Dunkley-Wilson transportation company of Grand Haven has raised its passenger rates to Chicago. The rate last year was \$2.00. Since the two boat lines there became one corporation the rate has been doubled, \$1 to Chicago or \$1.50 round trip. This meets the Holland rate, and it is predicted that South Haven will not attract so many people this season, as it did previously because of its low rate. Resorters prefer to come to Holland with its superior advantages and an increase in rates would not keep them away.—G. R. Herald.

## Dr. PRICE'S CREAM BAKING POWDER

Dr. Price's Baking Powder supplies a pure, wholesome leavening agent, which makes the biscuit and cake of highest healthfulness at medium cost and protects the food from alum, which is the greatest dietary danger of the day.

**The foremost baking powder in all the world.**

PRICE BAKING POWDER CO.  
CHICAGO.

NOTE.—Alum baking powders are low priced, as alum costs but two cents a pound; but alum is a corrosive poison and it renders the baking powder dangerous to use in food.

The Allegan Poultry and Pet Stock association will give the first exhibition in Allegan Dec. 8 to 11 inclusive.

Benj. Nykerk has sold out his draying business in this city and has removed with his family to Crisp.

The death of the five-year-old child of Mr. and Mrs. M. Shoemaker of River street occurred last Saturday night from the effects of an operation.

The Drenthe Canning company of Drenthe capitalized at \$12,000, has filed articles of association with the secretary of state.

Marriage licenses have been issued to Herbert Dean and Laura A. Byles of Jamestown and to Job L. Whipple of Georgetown and Emma Baker of Hudsonville.

Dr. M. J. Cook of this city was elected a member of the executive committee of the Michigan Dental association at the meeting held recently in Detroit.

Ben Kramer will arrive from Polson, Montana, the 12th of this month with three carloads of colts and horses which will be offered for sale at Harrington's Landing near Virginia Park.

B. Van Vuren was arrested by Deputy game warden Hanson last Friday night for fishing with a dip net off Harrington's dock. Justice Post sentenced him to pay a fine of \$5 and costs.

Prof. E. Winter, of this city, was obliged to remain in Cedar Grove, Wis., during the vacation on account of work and preparations for the dedication of the academy which will take place in June.

The first pitched battle of the great political war in Grand Haven was won by County Clerk Charles K. Hoyt. He was the republican nominee for mayor and despite the fact that a strong fight was made against him by the democrats and that James Verhoeks ran on slips he was elected by a plurality of 201. Jacob Glerum was elected clerk; Peter Van Lopik, treasurer; and D. F. Hunton, justice of the peace.

At a special meeting of the common council held last Friday evening the clerk presented application of Jacob Oosterhouse for license to keep a saloon at 204 East Eighth street and also presented saloon keeper's bond with Jacob Oosterhouse as principal and Jacob Kulte, Sr., and C. Blom, Jr., as sureties and liquor dealer's bond with Jacob Oosterhouse as principal and Jacob Kulte, Sr., and C. Blom, Sr., as sureties. Bonds and sureties were approved and license granted.

At the session of the Michigan Classis of English speaking Reformed churches of this state held in Grand Haven this week Rev. E. Kelder, of Constantine was elected as one of the delegates to the general synod to be held at Asbury Park, N. J. in June, and elder Dutton of this city was elected as one of the delegates to the particular synod which meets in Chicago in May. Among those who attended the session in Grand Haven were Revs. H. Van der Ploeg of Coopersville; J. Van Houte, of Grand Rapids; D. Broek, of Grandville; J. F. Zwemer, of Holland; C. C. A. L. John, of Grandville.

Born to Mr. and Mrs. Peter Bos Monday—a son.

Mrs. A. H. Benjimen will conduct a parliamentary law drill under the auspices of the W. C. T. U. at the home of Mrs. J. C. Post, 70 West Thirteenth street, at 8 o'clock Thursday afternoon. All ladies are invited to attend.

Judge Kirby was in the city Wednesday to conduct a hearing touching upon the insanity of Mrs. Minnie Arms of Central Avenue, who has attempted to commit suicide on two occasions. He adjudged her insane and ordered that she be taken to the asylum at Kalamazoo for treatment.

The expected increase of 25 per cent in insurance rates in Michigan was officially announced this week by Manager Chapman of the Michigan inspection bureau and will go into effect April 14. The increase is not applicable, however, to risks having the protection of an approved equipment of automatic sprinklers. The enormous fire loss experienced by insurance companies a series of years is given as the reason for the increase.

Captain W. L. Andres of the Jackson Park lifesaving crew, formerly of Grand Haven has perfected a device for saving lives at sea which in the opinion of experts greatly simplifies the system now in vogue. Slow burning powder which is ignited when the shot with the life line is exploded from the cannon follows in the trail of the leaden missile, illuminating the surroundings within a radius of seventy-five feet, thus aiding in locating the distressed craft, and indicating to those on it that an attempt is being made at rescue. A successful test of the invention was made in Chicago. The powder burned thirty-five seconds. In fog in daylight a whistle will be used to take the place of the pyrotechnic display.

## WORK DONE IN CONGRESS

Measures of Importance Are Under Consideration in Both the Senate and House.

### DAILY SUMMARY OF THE PROCEEDINGS.

**Senate Passes the Oleomargarine Bill by Vote of 39 to 31—House Passes Measure to Promote Efficiency of the Revenue Cutter Service—Other Business Transacted.**

Washington, April 3.—Senators Bailey (Tex.) and Spooner (Wis.) made speeches in the senate yesterday on the oleomargarine bill. A bill was passed extending the time for presentation of claims to reimburse the governors of states and territories for expenses incurred by them in aiding the United States to raise and organize an army in the war with Spain to January 1, 1903.

Washington, April 4.—At the conclusion of a lively debate the senate yesterday passed the oleomargarine bill by a vote of 39 to 31. The bill provides as follows:

That oleomargarine and kindred products shall be subject to all the laws and regulations of any state or territory of the District of Columbia, into which they are transported, whether in original packages or otherwise; that any person who sells oleomargarine and furnishes it for the use of others, except to his own family, who shall mix with it any artificial coloration that causes it to look like butter shall be held to be a manufacturer and shall be

calling for information regarding the charges about an alleged British war camp near New Orleans.

Washington, April 7.—In the house on Saturday bills were passed to authorize the Western Bridge company to construct a bridge across the Ohio river at Allegheny City, Pa., to authorize the Kansas City, Northeastern & Gulf Railroad company to construct a bridge across the Missouri river at Parkville, Mo., and to confirm title to the state of Nebraska to 2,228 acres of indemnity school lands.

Washington, April 8.—The Chinese exclusion bill was passed in the house yesterday after several amendments were adopted, the conference report on the war revenue tax reduction bill was accepted and the senate bill extending the charters of national banks 20 years was passed.

Washington, April 9.—The debate upon the Cuban reciprocity bill opened in the house yesterday, Mr. Payne leading in the discussion. Mr. Cooper reintroduced the bill establishing civil government in the Philippines. The bill is unlike that of the senate, in that it provides a complete form of civil government for the islands, to go into effect when the war terminates.

### TWENTY-ONE DEAD.

Terrible Result of the Collapse of a Stand During a Football Game in Scotland.

Glasgow, April 7.—The casualty lists of the Ibrox Park disaster, when a number of persons were killed or injured by the collapsing of a spectators' stand during the international

## RATIFICATION IS FAVORED

Landsting of Denmark Ends Secret Debate on Proposition to Sell Islands.

### MAJORITY FAVORS SIGNING OF TREATY.

Provision Is Made for Secret Vote in Danish West Indies by Electors Who Are Qualified to Vote for Members of the Colonial Council of the Islands.

Copenhagen, April 9.—The Landsting, or upper house, Wednesday, concluded its secret debate on the treaty providing for the sale of the Danish West India islands to the United States. A report on the subject will be presented to parliament, in open session, at an early date.

The landsting majority report, which was signed by 35 members, recommends the ratification of the treaty after a secret vote by electors who are qualified to vote for members of the colonial council of the Danish West Indies. These electors are holders of property worth 2,000 kroner and upwards. The plebiscite heretofore demanded involved the entire population, including the negroes, so the proposals are much modified. Twenty-two supporters of the government signed the minority report, which is in favor of the ratification of the treaty without a plebiscite. The independent group, aggregating eight members, signed a third report, advocating the ratification of the treaty, with a subsequent plebiscite of the entire population.

### BRINGS ANOTHER FLOOD.

Snow Followed by Rain and Higher Temperature Causes Rivers to Rise in Pennsylvania.

Pittsburg, Pa., April 9.—Tuesday's heavy snow was followed by rain and higher temperature, and the snow has almost disappeared. The rivers are rising at all points from Pittsburg to the headwaters, and a flood stage here is predicted within the next 24 hours. As a general warning has been sent out, however, no serious damage is apprehended. The storm played havoc with the telegraph lines and the service is badly crippled, messages being taken subject to delay.

### Chinese Rebels on the Run.

Washington, April 9.—A cablegram received at the state department Wednesday from United States Consul McWade at Canton is to the effect that Gov. Peng has reported to the consul that the rebels in Kwang-He have been defeated and are being pursued by the imperial troops. The missionaries are reported to be safe. Mr. Rockhill considers this dispatch to mean that the rebellion in that section like most outbreaks will be from this point on gradually suppressed.

### Miss Maud Talmage a Bride.

Washington, April 9.—Miss Maud Dewitt Talmage, daughter of Rev. Dr. T. Dewitt Talmage and Clarence Frederick Wyckoff, of Ithaca, N. Y., were married here Wednesday at the residence of the bride's parents. Rev. Frank Dewitt Talmage, of Chicago, brother of the bride, officiated. Only the relatives of the contracting parties and a few personal friends of the bride witnessed the ceremony.

### Cannot Fight in South Carolina.

New York, April 9.—Gov. McSweeney's declaration that the Jeffreys-Fitzsimmons fight shall not be pulled off in South Carolina has cast much gloom over the Fitzsimmons quarters on Long Island. Fitzsimmons' manager now says the fight will have to go to California. It is understood the San Francisco bids still stand.

### Two Killed in Boiler Explosion.

Grinnell, Ia., April 9.—Frank Meyers, Dudley Boyd and James Shaffer were instantly killed in a boiler explosion at Peoria, a small town south of this place. The men were employed in a saw-mill. James Carter, the proprietor, sustained serious injuries. The three victims were literally blown in fragments.

### Start for Matopopo Hills.

Buluwayo, Matabeleland, April 9.—After a brief and simple service at the drill hall Wednesday the coffin containing the remains of Cecil Rhodes started for the Rhodes farm, in the Matopopo hills. It was escorted for some distance by a long procession of mourners.

### Mark Twain Buys a Home.

New York, April 9.—After losing the fortune made by a life's work and then setting out to make a new one at an age when most men are retiring, "Mark Twain" (Samuel L. Clemens), the humorist, has just purchased for \$47,500 a summer home in Tarrytown.

### Torpedo Boats in Collision.

Portsmouth, April 9.—There was an exciting mix-up of torpedo-boat destroyers here Wednesday. The Crane, Fawn and Teaser were in collision in which the Teaser was considerably damaged.

### Creed Revision to Be Completed.

Washington, April 9.—The Presbyterian committee on creed revision assembled here Wednesday. The final report on the subject is expected to be adopted by the committee within a week.

### Business Block Burned.

McArthur, O., April 9.—One of the best blocks in the center of this city burned Wednesday with a loss of over \$50,000.

### OPENING OF THE BASEBALL SEASON.

subject to the tax provided by existing law; that upon oleomargarine colored so as to resemble butter a tax of ten cents a pound shall be levied, but upon oleomargarine not colored the tax shall be one-fourth of one cent per pound; that upon adulterated butter a tax of ten cents a pound shall be levied; and upon all process or renovated butter the tax shall be one-fourth of one cent per pound.

The manufacturers of process or renovated or of adulterated butter shall pay an annual tax of \$600, the wholesale dealers shall pay a tax of \$400 and the retail dealers a tax of \$40 per annum. The measure provides regulations for the collection of the tax, and prescribes minutely how the various products are to be prepared for market.

Washington, April 5.—The senate yesterday began consideration of the Chinese exclusion bill, Senator Mitchell (Ore.) making the opening speech in its favor. Reports were made in favor of public buildings at Sterling, Ill., and Kalamazoo and Flint, Mich. An amendment was adopted to the oleo bill limiting the tax to the "artificially" colored product.

Washington, April 7.—The senate on Saturday passed the Indian appropriation bill and then took up debate of the Chinese exclusion act, Senator Fairbanks making the principal speech.

Washington, April 8.—Discussion of the conference report on the war revenue tax reduction bill occupied most of the time in the senate yesterday. The report, which removes the tax on bucket shops, the chief bone of contention, was adopted by a vote of 36 to 20.

Washington, April 9.—The time in the senate yesterday was occupied in discussing the Chinese exclusion bill. A vigorous protest was made by Senator Cullom (Ill.) against the passage of the bill in its present form. Senator Patterson (Col.) and Senator Perkins (Cal.) supported the measure.

### House.

Washington, April 3.—In the house yesterday the sundry civil appropriation bill was passed, making the eighth of the regular annual supply bills which has passed at this session. A bill was introduced to abolish slavery in the Philippines and a bill for reorganization of the consular service was favorably reported.

Washington, April 4.—The senate bill to promote the efficiency of the revenue cutter service was passed in the house yesterday by a vote of 135 to 49. The committee on appropriations reported the fortifications appropriation bill, which carries \$6,562,455, and the committee on labor ordered a favorable report on the bill requiring that all work for the government shall be done on an eight-hour basis.

Washington, April 5.—In the house yesterday a Chinese exclusion bill was considered. A resolution was adopted

football match Saturday afternoon between England and Scotland, have been completed. They eclipse all earlier reports and estimates of the casualties. The disaster has resulted in the death of 21 persons and the injury of 250. Nearly 200 of the latter were so seriously hurt that they were taken to infirmaries for operations and treatment. One hundred and fifty of them still remain in the infirmaries. A large proportion of the injured had limbs broken, bodies crushed and mangled and heads and faces gashed. Several more deaths will undoubtedly result from the most critical cases of fractured skulls.

The disaster was caused by the collapse of 100 feet of one of the spectators' stands, precipitating thousands of persons to the ground 60 feet below.

### Powderly Resigns.

Washington, April 8.—The resignation of Hon. Terrence V. Powderly as commissioner general of immigration has been placed in the hands of the president. Mr. Powderly is to be succeeded in office by Mr. Frank P. Sargent, but as the latter does not expect to take hold for more than a month the present commissioner's resignation probably will not be accepted by the president until that time.

### Will Have No President.

New York, April 4.—The National league baseball magnates have decided to run the league this year without a president. The affairs, instead, will be managed by an executive committee composed of James Hart, of Chicago; A. H. Soden, of Boston, and John T. Brush, of Cincinnati.

### New Railway Line.

Madison, Wis., April 9.—The Balsam Lake & Western Railroad company, to run a line from Balsam Lake, Polk county, 12 miles to St. Croix Falls, connecting there with the Soo, has filed articles of organization with the secretary of state. The capital stock is \$25,000 in shares of \$100 each.

### New Political Party.

Louisville, Ky., April 4.—Under the name of the allied people's party of the United States a new political organization has been formed here, composed of reform elements opposed to the democratic and republican parties.

### Jury Disagreed.

Chicago, April 9.—The jury in the case of Lewis J. Toombs, charged with strangling to death Carrie Larsen, engaged as a cook on the steamer Peerless, failed to agree, and a new trial will be had.

FRIDAY, April 11, 1902.

### Democrats Elect Mayor. Republicans Capture Council.

G. J. DeRoos will be the next mayor of Holland. He won at the polls Monday, receiving 55 votes more than the republican nominee, Isaac Marsilje. The republicans elected three of the five aldermen making the council 6 republican and four democrat with a democratic mayor.

In the first ward P. A. Kleis (R) won by a plurality of 10 over the democratic and prohibition nominees. In the second ward James Cole (D) won by a plurality of 60. In the third ward Seth Nibbelink (D) won by a plurality of 45. In the fourth Otto Kramer (R) won by a plurality of 31. In the fifth I. Garvelink won by a plurality of 13.

John Rutgers was elected supervisor of the first district by a plurality of 189. Johannes Dykema won in the second district by 212. Fred H. Kamferbeek was elected marshal by a plurality of 127; Gerrit Wilterdink treasurer by 318; L. Y. DeVries justice of the peace by 66.

The vote on the bonding proposition was "Yes," 1,029; "No," 388; blank, 113; majority in favor 528.

### Around the County.

In Ottawa county, republican victories were the rule although in a few instances democrats were elected to the township offices.

There was a battle royal in Holland township. George Souter ran on slips against John Y. Hulzenga the republican nominee and the result was disastrous to Mr. Souter who was beaten by a majority of 88. The rest of the republican ticket was elected as follows:

Treasurer—Henry Plaggenman. Clerk—Albert van der Haar. Highway Commissioners—John Van Appledorn. School Inspector—Luke Lugers. Member board of review—D. B. K. Van Raalte.

In Zeeland township the entire republican ticket was elected, with the following majorities: Supervisor, Wm. D. Van Loo, 117; Clerk, Jacob Van den Bosch, 58; Treasurer, Gerrit J. De Jonge, 39; Highway Commissioner, M. Brandt, 115.

In Olive township Ed Watson, democrat, was elected supervisor; Jacob Hop, republican, treasurer; Jacob Van Dyk, republican, clerk; and Eldert Nienhuis, democrat, highway commissioner.

The election in Grand Haven township resulted in the election of John C. Behm for supervisor over Henry Saul. August Hoerich was elected clerk; Henry Fisher, school inspector; John M. Van Doorne, treasurer; Charles Behm, highway commissioner; George W. Aiken, justice of the peace; Martin Van Doorne, board of review; Constables, David Lessien, Adolf Zilman, Fred Kieft, Charles DuShane.

### Captain Austin Harrington At The Head.

Captain Austin Harrington, of this city, will be at the head of the Macatawa fleet of steamers this season. He closed the deal Wednesday with F. K. Colby of the park association and is now busy making arrangements for the summer rush. Capt. Harrington has been connected with the excursion and ferrying business at the park for a number of years and a better man could not have been selected to fill this important position.

Another steamer has been added to the fleet. It is the Post Boy, of Chicago and was purchased this week. The Post Boy is 78 feet long and 21 feet beam and can carry about as many passengers as the steamer Music, formerly of the park fleet, but she is faster than the Music and is fitted up with a steeple compound engine.

The Post Boy will reach this port in about six weeks. The other boats are the Harvey Watson and the Gladys. The Post Boy and the Watson will take care of the park business and the former will give excursions. The Gladys will run between Waukegan and the other resorts.

### Factory Employees.

The 19th annual report of the Michigan bureau of labor and industrial statistics shows that 1,698 people were employed in the various factories and industrial institutions of this city when the inspection was made last winter and that the wages received by them amounted to \$2,230.22 daily. Since the inspection was made it is estimated that at least 150 more hands have been given employment, bringing the number employed in the factories at present close to the 1850 mark. Some of the leading institutions and the number they employ follow:

Cappon & Bertch Lumber Company	400
West Michigan Furniture Factory	400
Ottawa Furniture Factory	150
C. O. King & Co.	150
Holland Furniture Factory	151
Bay View Furniture Company	90
H. J. Heins Co.	77
Davis Machine Works	30

### Rumor of Col. Cornelius Gardener's Arrest.

The press throughout the country this week contained rumors of the arrest of Col. Cornelius Gardener, formerly of this city, now in the Philippine Islands. It was claimed that he was placed in custody because of a report that he submitted containing caustic reflections upon the American army.

COL. CORNELIUS GARDENER.

When the senate committee on the Philippines met yesterday, Senator Lodge, the chairman, laid before it the report of Col. Gardener, civil governor of the province of Tavares, to which reference was made by General Miles in his correspondence with Secretary Root. The report is dated Dec. 16, 1901, and is largely a review of conditions in the province, and tells what was done in the way of a campaign against the insurgents. It is a bitter arraignment of the army.

General Coaftee, who submitted the report to Washington makes no reference to the arrest of the reported arrest of Governor Gardener. The fact that Gardener was directed to submit specifications of his charges, a fact only made public yesterday indicates that he is not under arrest or in any way restricted from going where he pleases to collect the evidence which he is called upon to furnish.

### Will Get The Money Soon.

The common council at its meeting last night took the preliminary steps to obtain the money for the extension of the water works and electric light systems.

Resolutions were passed providing that the water works bonds series "T" and electric light bonds series "C" be dated May 1, 1902, and to be made to bear interest at the rate of 3 1/2 percent, that the clerk be instructed to advertise, two insertions in the official city paper and in the Financial News of New York, that sealed proposals will be received at his office up till 7:30 o'clock p. m., of Tuesday, April 29, 1902, for the purchase of water works bonds series "T" and electric light bonds series "C," each proposal to be accompanied by a certified check of \$1,000.

### Recount in Fifth does not Change Result.

Alderman Westhoek of the fifth ward, candidate on the democratic ticket to succeed himself, was dissatisfied with the count of the election inspectors last Monday and demanded a recount.

His demand was complied with and the recount was made at the council meeting last night. Alderman Habermann, Geerlings and Luidens constituting the special canvassing board. Attorney Geo. E. Kollen representing Irving Garvelink, the republican candidate, and Attorney J. C. Post representing Mr. Westhoek. The recount showed that there were no mistakes and that the result was exactly as handed in by the officers of the election which gave Mr. Westhoek 87 votes and Mr. Garvelink 90, a majority of 13.

The democrats wanted a recount in the first ward and had made all of the necessary preparations, but John Kruizinga, the democratic nominee, refused to sign the petition and no recount was made.

### Another Charge Against Rev. Van der Valk.

The case of Rev. M. H. A. Van der Valk, formerly pastor of the Holland Reformed Independent church of Muskegon, who was suspended from the ministry at a meeting of the presbytery last February pending investigation of the charges alleging conduct unbecoming a pastor and a Christian, was brought before the spring session of the Grand Rapids presbytery held in Grand Rapids Tuesday.

Dr. Fulton, chairman of the committee appointed to investigate the charges against the Muskegon pastor, reported that he had communicated with the Rev. Van der Valk, who is now in the Netherlands, notifying him of his citation before the presbytery, and said that he had advised him not to appear as in his opinion the charges against him were too clear for denial. He said that the Rev. Van der Valk had replied to his letter saying that illness prevented him appearing before the presbytery at this time but that as soon as he was able he would appear and answer the charges. He asked that the case be carried over to another meeting of the presbytery. It was decided by the presbytery to call another meeting June 9, when the Rev. Van der Valk is expected to appear and answer the charges.

A further charge that of intoxication in the Morton house, Grand Rapids, was preferred against Mr. Van der Valk and he will be notified of this addition to the charges against him.

## May Mean End of Boer War.

The following dispatch received today from London indicates that the end of the war in South Africa is at hand:

"The Financier and Bullionist publishes a dispatch from Pretoria this morning declaring that the Boer leaders have accepted the British terms. Peace, it is said, has been arranged, and the terms have been cabled to the Boer agents in Europe.

Other unconfirmed statements of a similar character were in circulation in London tonight.

It is said that Frederic Rutherford Harris, former secretary of the British Chartered South Africa Company, has received a telegram to the same effect, but nothing of any official or really reliable nature concerning the matter is known."

## Attracted National Attention.

Congressman William Alden Smith of the fifth district attracted national attention by a brilliant speech on the Cuban reciprocity bill delivered in the house of representatives Wednesday.

The papers of the country are unanimous in their unqualified praise of his effort and characterize it as the greatest speech on the tariff made in years.

Mr. Smith's determined fight against the enemies of beet sugar, culminating as it has in one of the greatest speeches of his life, has brought to light the fact that the fifth district has a man in Washington who is able to cope with the greatest leaders and hold his own with the best. Every man in this district that voted for Mr. Smith at the last election can feel proud that he has been instrumental in sending a man to Washington who reflects credit on the entire state. Here's hoping that he will continue his political triumphs and that higher honor will fall to his lot ere many months have passed. In his peroration Mr. Smith said:

CONGRESSMAN SMITH.

"Mr. Chairman, I protest against a revision of this tariff; I protest against demoralization of our present business prosperity; I protest against a return to the period of certain depression. Prosperity is now upon every hand. Labor is happy with his task to perform; capital is unstrained in its quest for new ventures. Gentlemen, upon this side of the chamber, you would unite our party, so would we, but I ask you to go to the sacred archives of the Republican party, take out the banner of protection, so often carried with success on the fields of political controversy, wave it proudly above your heads as a signal to fall in, lead on, and we will answer the summons. The leaders of the ancients used to be so solicitous about their followers that they carried urns upon their shoulders burning with perpetual fire. By day the followers could see the smoke and knew where their leaders were; by night they could see the flame and were kept in the true course. Gentlemen upon this side, leaders, if you please, light up the urn of political wisdom, illuminate the principles of Hamilton, of Lincoln, of McKinley, and we upon this side will follow you. Lead on. Your destiny shall be our destiny, and united we will go to certain victory."

Daily Service to Chicago.

The side wheel steamer City of Chicago of the Graham & Morton fleet arrived in port Sunday morning and with the steamer C. W. Moore is now giving daily passenger and freight service between Holland and Chicago. These boats will remain on this route until May when their places will be taken by the Puritan and Soo City. The rate of fare is \$1 each way. Lower berths, \$1; upper berths, 75 cents.

About May 1 the Pere Marquette Co., will put on a train to be called the Detroit and Milwaukee fast express which will leave Grand Rapids each night at 10 o'clock. The train will run to Ottawa Beach without a stop, where it will connect with the Graham & Morton boats for Chicago and the Milwaukee steamship line.

### Death of Mrs. Magdalena Bertsch.

Mrs. Magdalena Bertsch died last Monday morning at the home of her daughter, Mrs. E. Herold, at the age of 90 years. Though advanced in years Mrs. Bertsch enjoyed comparatively good health until two weeks preceding her death when she was taken sick and failed rapidly until death came.

Mrs. Bertsch was born in Boden, Germany, in 1812 and coming to this country 70 years ago settled for a short time in Pennsylvania, and then in Ohio. In 1865 with her husband she came to Grand Rapids where her husband died shortly after their arrival. Mrs. Bertsch remained in Grand Rapids until about ten years ago when she came to Holland to live with her daughter, Mrs. Herold. On account of her advanced age she did not have the opportunity to make many acquaintances here although her gentle, christian spirit brought many friends to her side. She was a faithful member of the German Methodist church of Grand Rapids and it has been the custom for a number of years for the pastor and some members of this little church to visit her here on her birthday anniversaries.

There was one trait in particular that endeared her to all who knew her and showed her generous spirit. She had a habit of knitting mittens and stockings for her friends and when their wants were supplied she sent the products of her loving work to a society in the east for distribution.

The funeral services were held Wednesday afternoon at the German Methodist church of Grand Rapids and a large number gathered to pay tribute to the memory of their dear friend. Services were held in this city before the remains were taken to Grand Rapids, Rev. J. T. Bergen officiating. Mrs. Bertsch is survived by four sons and five daughters: John, Christian, and David Bertsch, Mrs. George Metz, Mrs. George Whitworth and Mrs. John Palen, of Grand Rapids, Mrs. P. H. Felker, of St. Louis, Mo., Mrs. E. Herold and Daniel Bertsch of this city. She also leaves a number of grand children and great grand children.

### Fine Exhibit At High School.

The exhibit of the Western Drawing Teachers association held in the school building this week has had one very good effect. It has intensified the desire of the patrons of the Holland schools to add to the course at present taught in this city, and it is hoped that the school board will soon see its way clear to improve the facilities for instruction to such an extent that in the art of drawing, the pupils of the public schools of this city will be placed on the same footing as the pupils who have done the magnificent work now on exhibition throughout the country.

The work consists of pencil drawings, water colors, and crayon and charcoal sketches, and represents the best products of the pen and brush of the schools of such cities as Adrian and Grand Rapids, Mich., St. Louis, Mo., Indianapolis, Ind., and Des Moines, Iowa.

The high grade of the pieces exhibited shows that a great deal can be accomplished when the proper facilities are afforded. There is a chance for individual talent to assert itself, and the excellence of the exhibit is proof that talent is plentiful in this country.

### Union City Wins.

The district high school oratorical contest held at Allegan last Friday night was attended by 200 people from this city, and though the Holland representative did not win, all were satisfied with the trip and came home in good humor.

Union City, Allegan, Niles, St. Joseph, Watervliet and Holland were the cities represented in the contest. Harry Brown, of this city, made an excellent showing and if the applause that greeted his oration was the criterion he would have been awarded first place. But the judges had a different opinion and gave first place to Union City. Following is their decision:

Thought and style—Niles, Union City, Holland, Allegan, St. Joseph and Watervliet.

Delivery—Union City, Allegan, Watervliet, St. Joseph, Holland, Niles.

Final award—Union City, first; Allegan, second; Niles, third; Holland, fourth; Watervliet, fifth; St. Joseph, sixth.

The winner of first place spoke on "Marcus Whitman."

The contest will be held in Niles in 1903.

Van Raalte and Visser have gone in partnership in the painting business and are ready for spring trade. Call up Citizens phone No. 469 if you have painting you wish done.

### Conditions of Ministerial Success.

Conditions of ministerial success was the topic of the lecture delivered by the Rev. M. Kohn, of Grand Rapids, at the Seminary chapel Tuesday evening April 1. The speaker was enthusiastic throughout and his auditors were highly pleased with his presentation of the facts. There were touches of personal experience as well as facts drawn from the ripe experience of many other famous divines both of the past and the present. For the students looking forward to the ministry, there were indeed many suggestions which, if heeded, would prove beneficial in the struggle for success.

Below we cite just a few of the many thoughts about which the speaker grouped his ideas.

The talismanic word in everybody's vocabulary today is success; today one would rather be a fool than a failure. And yet the experiences of failure are often the best means whereby to recognize success. The standards for success vary so much. Promotion and self-comfort may for some be the basis of success, but that basis is false. Financial, philosophical, musical or esthetical advances are but human estimates of success, and as such neither trustworthy or final. The final test of success is found in God's word: "I called you." The minister has received his call from the Lord Jesus. His approval should be sought after, for that is success. To work in men a deep conviction of sin, and to "turn away men to righteousness is God's criteria of success for the ministry. This is not determined by immediate results, but by the accomplishment of the end determined upon. In a word, the faithful performance of all work required is to be a success.

The fundamental condition is that the minister needs to be a christian man, a man of rock-ribbed conviction; for earnest piety is not strengthened by the perfunctory work of the ministry and yet it is indispensable. Besides, there must be a right conception of the high aim and purpose of the ministry. God "hath committed unto us the word of reconciliation," and hence we must be intensely in earnest, and with Paul, beseech as though God be sought through us. The appeal must be the consciences of men, not to their curiosity and self-love.

Then, too, the minister must be a believer and a preacher of the Word of God, of the whole Bible. His preaching must set forth beliefs, not doubts; positions, not negations; hopes, not despair; answers not questions. For we are not heathen philosophers finding things, but expositors of a revelation that settles things. The sermon may be vital with emotion, but it must be based on conviction, and be a "thus saith the Lord."

The speaker contended that the rank and file of the people, rich and poor alike, desire the Gospel and not mere literary reviews. Quoting from an eminent lawyer as to characteristics of true preaching, he said: "Simplicity and blood earnestness are the characteristics of true preaching, I lead a very busy life during the week and don't come to church to have my brains racked."

The vineyard of the Lord is looking for laborers not for idlers. "Add to your faith knowledge." Hence, be diligent in study, in all realms, but be also diligent in pastoral duty. As Dr. Cuyler said: "Study books in the morning and do chores in the afternoon." Remain students for life, and so take in more rapidly than you give out, or you will starve your own soul, you will serve cold victuals, or you will merely repeat yourself. Withal retain simplicity of language, and draw your figures from the Book, from the records of history, and the open pages of nature, and you will never be liable to the Scotch woman's verdict of her pastor: "During the week he is invincible, and on Sunday he is incomprehensible." That the pupil work may, as it should be, a synthesis of the week's visits, there is a great need of tact to understand human nature in all its pre-arranged phases, but especially a need of common sense purified seven times.

## A DAY AT EXPOSITION.

President Roosevelt Reviews Grand Parade, Makes a Speech and Presents Sword to Jenkins.

## A BUSY DAY SPENT AT CHARLESTON.

Following the Exercises at the Auditorium, the Presidential Party Makes a Tour of the Exposition Grounds and Buildings—Luncheon Served in Woman's Building.

Charleston, S. C., April 9.—Wednesday was "resident's day" at the exposition. The events of the day began with a grand procession through the principal streets of Charleston, and afterwards there were speeches in the exposition auditorium, the presentation of a sword by the president to Maj. Micah Jenkins, a luncheon at the Woman's building and inspection of the grounds and buildings. The parade was the most imposing that Charleston has ever seen. Beside the president and distinguished visitors, United States artillerymen, United States marines and jacksies there were soldiers from various states and cadets from two military academies.

The presidential party was driven directly to the exposition auditorium where the president reviewed the troops from a platform erected at that point. The president's salute of 21 guns was fired by the German artillery on the entrance of the president into the exposition grounds.

At noon the president proceeded from the reviewing stand into the auditorium where the formal ceremonies occurred. Addresses were made by Capt. F. W. Wagener, president of the South Carolina Interstate and West Indian Exposition company; Gov. McSwain, of South Carolina; Gov. Aycock, of North Carolina; Mayor Smith, of Charleston, and the president of the United States.

The president's address. The president spoke in part as follows:

**Speech of President Roosevelt.**  
"It is to me a peculiar privilege to speak here in your beautiful city. My mother's people were from Georgia; but before they came to Georgia, before the revolution, in the days of colonial rule, they dwelt for nearly a century in South Carolina; and therefore I can claim your state as mine by inheritance no less than by the stronger and nobler right which makes each foot of American soil in a sense the property of all Americans. Charleston is not only a typical southern city; it is also a city whose history teems with events which link themselves to American history as a whole."

### A Reunited People.

"When four years ago this nation was compelled to face a foreign foe, the completeness of the reunion became instantly and strikingly evident. The war was not one which called for the exercise of more strength, and the strain put upon us was slight indeed compared with the results. But it was a satisfactory thing to see the way in which the sons of the soldier of the union and the soldier of the confederacy leaped eagerly forward, anxious to show in brotherly rivalry the qualities which had won renown for their fathers, the men of the great war. It was my good fortune to serve under an ex-confederate general, gallant old Joe Wheeler, who commanded the cavalry division at Santiago."

### Southerners Honored.

"In my regiment there were certainly as many men whose fathers had served in the southern as there were men whose fathers had served in the northern army. Among the captains there was opportunity to promote but one to field rank. The man who was singled out for this promotion because of conspicuous gallantry in the field was the son of a confederate general and was himself a citizen of this, the Palmetto state; and no American officer could wish to march to battle beside a more loyal, gallant and absolutely fearless comrade than my former captain and major, your fellow citizen, Micah Jenkins."

"A few months ago, owing to the enforced absence of the governor of the Philippines, it became necessary to nominate a vice governor to take his place—one of the more important places in our government at this time. I nominated as vice governor an ex-confederate, Gen. Luke Wright, of Tennessee. It is therefore an ex-confederate who now stands as the exponent of this government and this people in that great group of islands in the eastern seas over which the American flag floats."

### Importance of the West Indies.

"You have made a particular effort in your exhibition to get into touch with the West Indies. This is wise. The events of the last four years have shown us that the West Indies and the isthmus in the future occupy a far larger place in our national policy than in the past. This is proved by the negotiations for the purchase of the Danish islands, the acquisition of Porto Rico, the preparation for building an isthmian canal and finally by the changed relations which these years have produced between us and Cuba. As a nation we have an especial right to take honest pride in what we have done for Cuba. Our critics abroad and at home have insisted that we never intended to leave the island. But on the 9th of next month Cuba becomes a free republic, and we turn over to the islanders the control of their own government. It would be very difficult to find a parallel in the conduct of any other great state that has occupied such a position as ours. We have kept our word and done our duty just as an honest individual in private life keeps his word and does his duty."

### Industrial Prosperity.

"This exposition is rendered possible because of the period of industrial prosperity through which we are passing. While material well-being is never all-sufficient to the life of a nation, yet it is the merest truism to say that its absence means ruin. We need to build a higher life upon it as a foundation; but we can build little indeed unless this foundation of prosperity is deep and broad. The well-being which we are now enjoying can be secured only through general business prosperity, and such prosperity is conditioned upon the energy and hard work, the sanity and the mutual respect of all classes of capitalists, large and small, of wage workers of every degree."

### Combinations.

"This is an era of great combinations, both of labor and capital. In many ways these combinations have worked for good; but they must work under the law, and the laws concerning them must be just and wise or they will inevitably do evil; and this applies as much to the richest corporation as to the most powerful labor union. Our laws must be wise, sane, healthy, conceived in the spirit of those who scorn the mere agitator, the mere instigator of class or sectional hatred; who wish justice for all men; who recognize the need of adhering as far as possible to the old American doc-

trine of giving the widest possible scope for the free exercise of individual initiative, and yet who recognize also that after combinations have reached a certain stage it is indispensable to the general welfare that the nation should exercise over them, cautiously and with self-restraint, but firmly, the power of supervision and regulation.

**Enforcement of Law.**  
Above all, the administration of the government, the enforcement of the laws, must be fair and honest. The laws are not to be administered either in the interest of the poor man or the interest of the rich man. They are simply to be administered justly; in the interest of justice to each man, be he rich or be he poor—giving immunity to no violator, whatever form the violation may assume. Such is the obligation which every public servant takes, and to it he must be true under penalty of forfeiting the respect both of himself and of his fellows."

**Sword Presentation.**  
Immediately after the addresses a handsome sword was presented to Maj. Micah Jenkins, the presentation

MAJ. M. J. JENKINS.

being made by President Roosevelt. The sword was handed to the president by ex-Gov. Hugh S. Thompson.

In handing the sword to Maj. Jenkins the president said: "Maj. Jenkins: Nothing could give me greater pleasure than to hand you, my old friend and comrade, whose courage I saw again and again, and whose courage was of a temper that made it indifferent what the trial was, to hand you this sword. I am glad to do it, as a guest of South Carolina, as the president of the United States, but gladder to do it as your old friend and comrade."

### Inspection of the Exposition.

With the conclusion of the exercises in the auditorium the presidential party was escorted to the West Indian building; from there they went to the South Carolina building and made a tour of the great buildings in the court of palaces. Guard duty during the time of the president's visit was done entirely by the men of the United States marine corps, from Camp Heyward, under Capt. Leonard, United States navy.

At two o'clock the president and party were taken to the Woman's building, where a luncheon was served by the woman's board.

### KING LEOPOLD MOBBED.

Unpleasant Experience at Hands of Socialists of Ruler of Belgium on His Return to Brussels.

Brussels, April 9.—King Leopold was mobbed by socialists Wednesday afternoon on his arrival here from Biarritz. The meeting between the socialists and the king was quite accidental, but it was none the less unpleasant for his majesty whose automobile was surrounded by excited socialists, who shouted: "Long live the republic!" "Long live universal suffrage!" and waved red flags in the king's face.

### Taken Home to Die.

Grand Rapids, Mich., April 9.—Charles Lewis, of Berlin, Ottawa county, who has brought suit against the Modern Woodmen society for \$30,000 damages because of injuries alleged to have been received in an initiation into the society which necessitated the amputation of a leg, has been removed to his home in a dying condition. He has been in a local hospital for some time. A few days ago he grew so much worse that the doctors gave up hope of his recovery and Wednesday he was removed to his home. In the event of his death his heirs will take up the suit against the Woodmen.

### Republican Elected Mayor.

St. Joseph, Mo., April 9.—Latest figures show that Borden, republican, is elected mayor by a margin of eight votes over Spratt, democrat. The remainder of the republican ticket down to the city council is elected, with the exception of city attorney. Peter Carols, police judge, enters upon his third term—elected by almost spontaneous uprising. Republicans will have a slight majority in the city council. The official count, now in progress, may make some changes.

### Grant Birthday Dinner.

New York, April 9.—The annual banquet given on the anniversary of the birth of Gen. U. S. Grant by the Grant Monument association will be held at the Waldorf-Astoria hotel Saturday evening, April 26. The speakers will be Senator J. C. Burrows, of Michigan; Representative J. E. Watson, of Indiana; Representative Cam Clark, of Missouri; and Gen. Thomas H. Hubbard, of New York. Gen. G. M. Dodge will preside.

### Shafter Not After Governorship.

Bakersfield, Cal., April 9.—Referring to the rumor that he will be a candidate for governor of California before the coming republican convention, Maj. Gen. Shafter said: "I have no intention of trying for the office or the nomination. I would not relinquish my position on the retired list to accept the governorship."

### Illinois Town Fire-Swept.

Bloomington, Ill., April 9.—The town of Fisher, in western Champaign county, was swept by fire Tuesday night, the loss aggregating \$100,000. Nothing is left of the business district, two entire blocks of the best buildings being destroyed.

## GIVES HIS WEALTH AWAY

The Will of Cecil Rhodes Leaves Millions of Dollars for the Cause of Education.

## THE UNITED STATES NOT FORGOTTEN.

Every State in the Union Allowed Two Students at Oxford University—English-Speaking Races Expected to Keep Peace of the World—Trustees to Manage Estate.

London, April 5.—Cecil Rhodes' will, which provides for the distribution of \$75,000,000 to \$100,000,000, has been made public. It was written in 1899 and proclaims "the peace of the world" as the highest hope of the author. It devotes almost all of the wealth of the famous South African promoter and mine owner to the upbuilding of the "English-speaking races" of mankind. The British empire is to profit by the setting apart of vast funds for public uses, but the United States and Germany are to receive a great share of the benefit. Mr. Rhodes' idea being that "a good understanding" between these three nations "insures the peace" he had in mind when making his last testament.

### Education a Tie.

Education was regarded as the strongest tie between man and man and likewise between nations. Hence he left large sums for the founding of scholarships at Oxford university, of which Mr. Rhodes was a student at one time. Two scholarships for every state and territory of the United States as at present constituted are provided for. Five scholarships for students of German birth, the candidates to be nominated by Emperor William, are to be established. For the bringing of all the diverse elements of the great British empire into harmony scholarships are provided for students from each of the colonies and protectorates.

### The American Scholarships.

Regarding the American scholarships, Mr. Rhodes says: "Whereas, I desire to encourage and foster an appreciation of the advantages which, I implicitly believe, will result from a union of the English-speaking peoples throughout the world, and to encourage in the students from the United States, who will benefit by these scholarships, an attachment to the country from which they have sprung; but without, I hope, withdrawing them or their sympathies from the land of their adoption or birth."

### Tests for the Students.

The scholarships are to be given to students upon the following qualifications:

1. Literary and scholastic attainments.
2. Fondness for or success in manly, outdoor sports.
3. Qualities of manhood, such as truth, courage, devotion to duty, sympathy for and protection of the weak, kindness, unselfishness and fellowship.
4. Exhibition during school days of moral force of character and instincts to lead and take interest in his schoolmates, for these latter attributes will likely in after life guide him to esteem the performance of public duties as his highest aim.

### Provides His Epitaph.

Mr. Rhodes explicitly says he is to be buried in an aperture, cut in the solid rock, surmounted by a brass tablet bearing the words: "Here lie the remains of Cecil John Rhodes."

No one else is to be buried there who has not deserved well of his country.

Mr. Rhodes bequeaths all his landed property near Bulawayo and Salisbury, both in Matabeleland, to trustees, whom he directs to cultivate the land for the instruction of the people of Rhodesia.

### Gone to Yokohama.

San Francisco, April 9.—On board the steamer Gaelic, which sailed for the orient Tuesday are Rear Admiral Robley D. Evans, who goes to Yokohama to take command of the Asiatic station; Commander M. K. Harris, who is bound for Yokohama to join the American fleet, and F. Rundsdors, German consul at Formosa. Admiral Evans is accompanied by his wife, daughter and son.

### Will Render No Bills.

Buffalo, N. Y., April 4.—The Express says that it may be authoritatively announced that the amount to be paid to the surgeons who attended President McKinley in Buffalo will not exceed \$25,000. The surgeons have not sent in bills. They declined to send in any, saying the question of compensation must be settled apart from any bills rendered by them.

### The Debt Decreased.

Washington, April 4.—The public debt statement shows that the debt decreased \$6,823,720 during the month of March. The cash balance in the treasury was \$327,856,289. The total debt, less the cash in the treasury, amounts to \$997,732,332.

### Cholera in Manila.

Manila, April 8.—A total of 175 cases and 137 deaths from cholera were reported up to noon Monday. The natives are making great efforts to break the quarantine established here and in so doing one native has been killed.

### Three Killed.

Freeport, Ill., April 5.—A west-bound Chicago, Milwaukee & St. Paul passenger train Friday struck a buggy near Kitzbridge, containing three young people, Lily and Lizzie Shipman and Earl Kahl, of Brookville, killing all of them.

### Discharged.

La Vegas, N. M., April 9.—The preliminary hearing of Mrs. G. B. Walker, of Miles, Ia., for the recent killing of J. S. Judd, of Chicago, was completed before a justice of the peace and the defendant was discharged.

## That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

## SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

## A Fitting Tribute

A CITIZEN OF HOLLAND PAYS A WELL-EARNED TRIBUTE.

The following public statement of a respected citizen adds one more emphatic endorsement of merit to the following scores that have appeared before.

Mrs. M. Shonaker, 256 West 15th St. says: "I suffered from constant heavy aching pains across the small of my back so that I could not rest comfortably at night in any position and during the day I felt tired and languid. The kidney secretions became badly affected, irregular, too frequent, scanty and were attended by a good deal of pain besides depositing a heavy sediment. I suffered also from headaches and spells of dizziness so that I either had to sit down or hold on to something to keep from falling. I used a great many different remedies but without obtaining any benefit. Friends advised me to use the Kidney Pills and I got a box of J. O. Doesburg's drug store and used them. They helped me from the very start. They are the best remedy I ever tried and I have no hesitation in recommending them."

## CIVIL GOVERNMENT.

Bill Perfected in the House for Its Establishment in Philippines When War Ends.

Washington, April 9. — The house bill establishing civil government in the Philippines has been finally perfected by the republican members of the insular committee in its complete form, and reintroduced by Chairman Cooper. The bill is unlike that of the senate, in that it provides a complete form of civil government for the islands, to go into effect when the war terminates. A summary follows:

Whenever the existing insurrection in the Philippines shall have ceased and a condition of general and complete peace shall have been established therein, and the facts shall have been certified to the president by the commission, the president shall authorize the commission to call a general election for the choice of delegates to a popular assembly of the people of the Philippine islands, to be known as the Philippine assembly.

It is further provided that all the legislative power shall then be vested in two houses—the Philippine commission and the Philippine assembly. Provision is made for taking the census within 30 days after the promulgation of peace. Thereafter, the islands are to be divided into election districts, and the regular machinery for electing the legislature is provided.

Section 12 provides that all residents of the Philippines shall have the same protection from the United States in their relations to foreign governments as is accorded to citizens of the United States.

For the purchase of the friar lands the bill makes provision for the issuance of insular bonds at five per cent. interest, payable in gold, the total amount not being specified. The regulation of franchises, timber lands, mineral lands, etc., is provided for. The system of coinage differs from that in the senate bill, as it makes gold the standard, with Philippine tokens of money of silver maintained at a parity with gold. The peso is to be of silver. It will equal our silver dollar in size and be worth half as much.

## LIKES THE ISLANDS.

Gen. MacArthur Says the Philippines Occupy a Position That Cannot Be Exceeded.

Washington, April 9. — Gen. MacArthur continued his testimony Tuesday concerning conditions in the Philippine archipelago before the senate committee on the Philippines. His discussion at the beginning of the session was devoted to a review of the conditions which led to the present state of mind of the Philippine people. He said that long before the advent of the Americans the germs of democracy had been planted, and that these had originated in the agitations in Spain of a century ago, which had been reflected in the Spanish colonies. He also described conditions in the archipelago at the time of the American occupation, saying that at that time the Filipinos were in a vindictive and resentful mood toward Spain, with a general yearning for liberty.

Taking these psychological conditions into account and also giving due heed to the character of the people, he had felt when he assumed command of the islands that there was to be found the most fertile soil for the planting of the best type of republican institutions.

Gen. MacArthur then took up and discussed economic conditions in the archipelago, saying the Philippines were the best islands in the world, occupying a strategic position absolutely unexcelled.

## MANY HOTELS IN ASHES.

Beach Front at Atlantic City, the Famous Summer Resort, Is Swept by Flames.

Atlantic City, N. J., April 4.—Twelve hotels and more than a score of small buildings adjoining the board walk which is built along the ocean edge were destroyed Thursday by a fire which swept the beach front for two long blocks from Illinois avenue to New York avenue. The loss, it is believed, will exceed \$750,000. In this respect the conflagration is the most disastrous that has ever visited this city. The loss will be only partially covered by insurance.

Fortunately no lives were sacrificed, though probably a dozen persons were slightly injured and burned during the progress of the fire. It was reported early in the afternoon that six men had perished in the flames, but the rumor was without foundation. The origin of the fire is unknown, but is said to have started in either Brady's baths or the Tarlton hotel, which adjoins the baths at Illinois avenue and the board walk.

## CHOICE OF VOTERS.

Result of the Municipal Elections Held in Many of the Cities in the State of Michigan.

Detroit, Mich., April 8.—In the municipal elections in the state yesterday mayors were chosen as follows: Grand Rapids, W. Millard Palmer (rep.); Ypsilanti, Martin Dawson (dem.); Ludington, E. J. Goodsell (people's); Kalamazoo, Edward S. Rankin (rep.); Petoskey, E. L. Ross (dem.); Traverse City, O. P. Carver (rep.); Pentwater, J. E. Gamble (citizens); Greenville, C. P. Ranney (rep.); Grand Haven, C. K. Hoyt (rep.); Dowagiac, W. D. Jones (dem.); Big Rapids, E. C. Newcombe (rep.); St. Joseph, N. C. Rice (rep.); Stanton, A. A. Miller (rep.); Niles, L. Baldwin (dem.); South Haven, E. S. Dryden (rep.); Belding, E. B. Lapham (rep.); Lansing, James F. Hammell (dem.).

## Killed by Lightning.

Winona, Minn., April 7.—A peculiar fatality is reported from Burns Valley. Henry Hornberg and Anton Rye were driving home from Winona, when a thunderstorm came up. A stroke of lightning struck their rig, instantly killing Hornberg and the two horses, while Rye, who sat alongside Hornberg, escaped unhurt.

## Sticks to Date.

St. Louis, April 9.—The board of directors of the Louisiana Purchase exposition at a meeting did not discuss the question of postponement, nor was the subject mentioned.

## THE OTHER MAN.

BY FREDERICK M. SMITH.

"What I need," said Betty, "is advice."  
"Most women need it," answered, "but they don't take it."  
"Don't be impatient," said she, "this is special."  
"As you know, I am studying law."  
"It is not," said Betty, critically, biting the end of a pencil, "it is not a case for a lawyer."

"I've never taken orders," said I, "but I used to pass the plate at the chapel."  
"Nor for a minister," said Betty, "yet."  
"Perhaps shortly?" I suggested, leaning forward.

Betty shrugged her shoulders. "A man," she announced, slowly, "has asked me to marry him—a nice man."  
"Many old ladies will be glad to advise you," said I.

"Your advice would be interesting."  
"I wonder," I said, looking straight at her, "I wonder who the man can be?"  
"I wonder," said Betty.

"It might be one of a dozen," said I.  
"It might," said Betty.

"If I had asked you to marry me I should not be pleased that you advised with another man."

"It would certainly be in questionable taste."

"Your taste is impeccable," said I.  
"But if I need advice?" mused Betty.

"The first thing to find out," said I judiciously, "is whether he can keep you in hats."  
"I had thought—"

"What?"  
"That the first thing was whether he loved me."

"You have been reading books," said I.  
"Books will tell you that. But the wise woman knows that the really important thing is the hats."

"Well, suppose he could?" said Betty.

"Would he chuckle when you asked him to enjoy Mr. Howell's phrase about the innocent adventuring, unconsciously 'perilous American maiden,' or would he look dazed?"

Betty bubbled. "Mr. Howells is dear," she said; "but does one's husband have to like him? I had thought—"

"What?"  
"That if I loved the man I married—"

"Books again," said I.  
"Stevenson says," put in Betty, "that if your wife likes Tupper it is no matter."

"He said nothing about the husband, which proves that he knew it would matter."

"Well, it looks—that is, I think we should agree on Howells," laughed Betty.

"I stroked my chin. 'I trust,' said I, 'that he is careful about his boots?'"

Betty looked at mine. "I have noticed that yours are always polished," she said.

"In the essentials he seems quite an eligible person," I concluded.

"You are not interested in his looks?"

"A minor matter," said I, waving my hand.

"Or his manners?"

"They can't be altogether bad if you tolerate him."

"His morals?"

"In this," said I, "marriage is a guess. One shuts one's eyes and trusts in Providence."

"You're a cynic," said Betty. "He's nice."

"Then marry him."

"You've never asked if he loves me. You think that doesn't matter?"

I leaned my head on my hand. "Perhaps, after all, it does matter; perhaps it matters more than anything else. If only knew the man."

"I have known him a long time," said Betty.

"Then you are the best witness. Do you think he loves you?"

"I have heard him say so."

"Do you think so?" said I, severely.

"It would be unkind not to believe him."

"Let us assume that he does," said I, with decision.

"But it doesn't matter whether I love him?"

"Perhaps, after all, it does matter," said I; "perhaps he cares a lot, and wants you to care; perhaps he would think he had failed in everything if he couldn't make you care; perhaps—"

"Dear me," said Betty, "it's four o'clock. Won't you get me the tea-bell—I know you want tea."

I got the little silver bell and handed it to her.

"I was just going to say," said Betty, "that perhaps he wouldn't mind if I didn't answer him at once."

"It is for you to decide."

"If we are old friends, very old friends, and if I should be sorry to lose him, and if I like him as well as anybody else, don't you think he might be satisfied to come on just as he has been coming?"

"That is a matter for him," said I.

"But what do you think?"

"Of course," said I, "if he cannot sit in the garden he must be satisfied to look at the flowers over the wall," and with the words I picked up my hat.

"You're not going?" said Betty.

"It is time," said I.

"I think I'll take your advice about this—the other man."

"My advice!"

"Well, I mean I'm glad you agree with me."

"Ah!"

"I—I think I shall be very nice to him."

"Yes."

"Yes, and let him take me to dances often."

"Yes."

"And to the Jumping-off place to see sunsets."

"Yes."

"And I shall make tea for him."

I smiled.

"I hope he'll not be bad-humored over it."

"Doubtless," said I, "he will put the best face on the matter possible. Good-by."

"Good-by. You're coming to tea to-morrow?"

"Shall I?"

"Oh, of course; you and I are going to be just as good friends as ever. It won't matter about the other man."

"Won't it?" said I.

"I hope you're not going to let it matter."

"I'll try not to," said I.—Woman's Home Companion, Springfield, Ohio.

## POCKET GOPHERS.

Handy Method of Introducing Poisoned Food into Their Runways.

Alfalfa fields have been the special theater of operations of pocket gophers in Kansas. D. E. Lentz of the state station recommends the following method of destroying them by introducing poison into their burrows: Cut potatoes or other food into pieces not more than three-fourths of an inch in diameter. Cut a slit in each piece and with a point of the knife blade insert a little sulphate of strychnine. As much as half the bulk of a grain of wheat will answer the purpose. The moisture from the potato will cause the poison to adhere to the blade.

Having prepared the bait in sufficient quantity, go to the field armed with a round, sharp pointed implement an inch or an inch and a half in diameter and of sufficient length. Of tools of this kind made by a blacksmith one is a shovel handle and the other a spade handle, and each is shod with a conical iron point. A bar is attached about fifteen inches from the point to enable the operator to use the foot in pressing it into the soil. These tools have proved to be serviceable. With one of them it is necessary to find the runway of the gopher. The handle is sufficiently thick to make a hole large enough to permit one to drop the poisoned potato directly into the burrow. The operator then passes on to another place, leaving the hole open. No digging with a spade or other hard labor is necessary.

An experienced person can distribute poison to many acres of alfalfa in a day, and if proper care is taken to rightly distribute the bait it will not be necessary to go over the ground a second time. It is best to insert the food as near as possible to the freshest mounds of earth thrown up by the animals. Two or three pieces of potato at that place are worth many scattered in other parts of the runway. The operator should avoid the larger mounds and those that are not freshly made.

## When a Tree Is Girdled by Mice.

If a tree is girdled by mice, it usually dies. If, however, as soon as the injury is noticed, the wound is cleaned and covered with grafting wax and wrapped with cloth so that the air is excluded and the wood prevented from drying out, the sap which rises through the soft wood will continue to do so, and, returning through the inner bark, growth will be made all around the upper part of the wound, and if the latter is not too large there is a chance of its healing over. If, however, the wood becomes dry before the bandage is put on, it will almost certainly die. When the wax and bandage are applied, the tree should be headed back considerably to lessen the amount of transpiration of moisture, as there will not be as much sap rise as if the tree were uninjured. Girdled trees are sometimes saved by connecting the upper and lower edges of the girdle with scions, which are inserted all around the trunk. Mice may be destroyed in the orchard by using a mixture of one part by weight of arsenic with three parts of cornmeal. To use this safely nail two pieces of board each six feet long and six inches wide together so as to make a trough. Invert this near the trees to be protected and place about a tablespoonful of the poison on a shingle and put it near the middle of the run, renewing the poison as often as is necessary.—W. T. Macoun, Canada.

## Candy For Bees.

Never use anything in making candy but the best grade of sugar, advises New England Homestead. Boil granulated sugar to a thick sirup and when done so that it breaks like a pipsteme when dropped in water take it off and as it begins to harden stir it until so thick it will just pour and then pour into pans or dishes so that it hardens in cakes about an inch thick. A different candy can be made if you can get good extracted honey, but it must be of the best quality. Heat the honey until it is thin, but don't boil it, and then stir in all the pulverized sugar it will take up. Then knead it with the hands and work in more sugar until it becomes a stiff dough.

## The Strawberry Supply.

Texas, Florida, Mississippi and other states south begin in the winter to ship berries north, and as the season advances the growers farther north begin to supply the demand, and as the sun advances toward the north the berries ripen until in the summer time the northland comes up with its crop of this delicious fruit. Strawberries grow even as far away to the north as Alaska. With the many good varieties any given locality can be supplied with this splendid fruit.

## Nitrates in the Soil.

The continuous growing of wheat or other grain or of a cultivated crop not only rapidly depletes the soil of organic matter, but causes the rapid formation of nitrates, which are likely to be washed down in the soil below the reach of the roots of plants. In experiments by Professor Ladd of North Dakota the largest amount of nitrates was found at a depth of three feet in bare fallow, while at a depth of seven feet the amount of nitrates was larger than at a depth of one foot. It is evident that the nitrates found were leached down from above. The importance of a proper rotation and of catch crops to take up and hold the nitrates is thus shown.
